Knowledge

Main:

- Python

- HTML

- CSS

- JavaScript

Complementary:

- Django – Flask – Tkinter

- SQLite – MySQL – GitHub

- JQuery - Bootstrap

- GIMP – DaVinci Resolve

Skills

- Communication

- Organization

- Teamwork

- Problem solving

- Constantly updating and Improving knowledge

MIJAIL NAAL GONZALEZ

Python Developer

Proactive and organized, teamwork-oriented, have a passionate interest in learning new technologies.

TECHNOLOGIES

Python, Django, flask, tkinter, HTML, CSS y JavaScript

EDUCATION AND KNOWLEDGE

Погружение в Python / Immersion in Python, *the course by Moscow Institute of Physics and Technology and the group @mail.ru, Coursera certificate*. ***Link to certificate***
Relevants topics:

- **Programming with Python**	- **Object-Oriented Programming (OOP)**	- **Multithreading and asynchronous programming (asyncio).**

Master in Python: Learn Python 3, Django, Flask y Tkinter, *Udemy Certificate*. ***Link to certificate***
Relevants topics:

- **Basics in Python**	- **Object-Oriented Programming (OOP)**	- **Databases (SQLite, MySQL)**	- **Graphical Interfaces (Tkinter)**	- **Web development with Django**

Other certificates:

Technical Support Fundamentals, Google-Coursera Certificate, 2019 *see certificate*

JavaScript / JQuery, FructCode Certificate, 2019 *see certificate*

Bootstrap, FructCode Certificate , 2018 *see certificate*

HTML / CSS, FructCode Certificate, 2018 *see certificate*

PORTFOLIO

Web Portfolio, *go to site*

Repository key-value *Source code*	CSV file *Source code*	File with magic methods *Source code*
Client to send metrics *Source code*	Server to receive metrics *Source code*	Desktop application with Tkinter *Source code*

LANGUAGES

- Spanish - Native
- English - Pre-Intermediate (reading and understanding manuals, documentation, guides, etc.)
- Russian – Upper Intermediate (speaking and writing fluently)

ABOUT ME

I have a master's degree in music, specialize in playing the piano. I graduated from the Saint Petersburg Conservatory, Russia. However, I am currently 100 % focused on programming with Python. I have knowledge in HTML, CSS and Javascript. I work as a freelancer, and in my free time I play the piano, I watch documentaries on various topics. I also like to walk, read the news and sometimes do some auto mechanic work. I am really passionate about self-learning, so I continue taking courses on Python programming and web development.
